

MX-Module RS485/422

Item no. 538.202

Description

Extends the blueLog XM/XC with two additional RS485/422 interfaces.

Technical data

Power supply	System internal
Power consumption	typically ~ 1 W (dependent on configuration)
Bus termination	set permanently
Operating temperature	-20 °C ... 70 °C
Storage and transportation temperature	-20 °C ... 85 °C
Protection class	IP 20
Installation	Wall mounting, top-hat rail installation in electrical distribution board, in control cabinets
Dimensions (W x H x D)	36 x 110 x 63 mm
Weight	97 g

Display/operation

LED	4
-----	---

Interfaces

RS485/422

- 2 x (autodetection, Baudrate 1200 – 115200 Baud)
